Why Aalto School of Business?
Innovative university that combines business, technology and design allowing students to influence their own study programmes based on their interests, career objectives, and strengths.

The largest and leading business university in Finland and a top-level business university in Europe. Ranked #2 in the Nordic countries.

Within 1% of schools of business in the world that have the most important international quality accreditations in its field: AACSB, AMBA and EQUIS. The School has 140 partner universities worldwide and is part of CEMS and PIM networks.

Up-to-date education that combines extensive theoretical studies with experience from real business life. Strong connections to the corporate world through partner companies’ network and active alumni engagement.

Why Finland?
Finnish education system ranked as best in the world.

Excellent facilities for work and fun. Well equipped libraries and computer labs accessible for students for free. Active student unions with subsidized student lunches, transport and health care.

Everyone speaks English.

Highly developed, organized and prosperous country with unlimited access to both vivid city life and wild nature.

Central location for experiencing other Nordic countries; Sweden, Denmark, Norway, as well as Eastern destinations St. Petersburg in Russia and Tallinn in Estonia.

What exchange students say about us?

“Thanks to this great country with its fantastic people, the excellent Aalto University and all the amazing people I have met here - the exchange was one of the greatest experiences of my life!”

“Meeting really nice people in a really nice city where everything was easy, the transport, general life, activities…”

“I fell in love with Finland”

“Travelling around Europe and exploring Finland - particularly Lapland with KY!”

“Tutors! I love them. They indeed helped me fit in the living as well as studies.”

“The student culture and organization in Helsinki is outstanding!”

“The people I met, the city, the experience. Amazing!”

“A big highlight was to experience autumn and winter!”

“The experience in Helsinki has been just amazing. Another thing was the student culture, which we don’t have so strong at home. And the cafeteria lunches for 2.60 € for students… that made a huge difference in everyone’s life I think! The trips to Lapland and Russia, sauna, northern lights, passing from 3 hours of light when I arrived to about 20h when I left, learning some Finnish, the wonderful Finnish people!”

“KY (-Sub) and all the things they organized.”

Autumn term (Sept.-Dec.)
Applications due: April 30th

Spring Term (Jan.-May.)
Applications due: October 1st

Volunteer at Slush!

Slush is an annual event, where startups and technology talent meet with international investors. Slush started in 2008 as Aalto students’ initiative with 300 participants. In 2018 SLUSH brought together over 20,000 attendees, 3100 startups, 1800 investors, 650 journalists, 200 speakers, 4 stages and more for the 2-day event. There were over 2,000 volunteers helping to make it happen.

Excellent opportunity to an exchange student to learn about the event by volunteering.

Due to the high demand a quota has been negotiated for the incoming exchange students. In return, the students get to be part of the unique volunteer experience including Volunteers’ Day, afterparty and other meetups. Naturally, each student receives a certificate that they have volunteered at Slush.

The philosophy behind SLUSH is to help the next generation of great, world-conquering companies forward.
