

Bachelor's Programme in International Business

Exchange studies at
Aalto Mikkeli Campus

Aalto University
School of Business

Want to study business in an international atmosphere?

The Bachelor's Programme in International Business located at the Mikkeli campus, is one of the leading academic programs in Finland, offering cutting-edge approaches to business education in a vibrant learning environment. The program offers a unique experience for exchange students with an international atmosphere and beautiful four seasons in the lake area of Finland.

Courses are taught in English throughout the year - also during the summer - in the form of intensive three-week modules, dealing with one subject at a time.

Reasons to come to study at Aalto Mikkeli Campus

- The best business school in Finland and highly ranked with AACSB, AMBA and EQUIS accreditations.
- Theoretical studies with real business life experience
- Distinguished professors from all over the world
- Multicultural student body and student buddy programme
- Active student life
- Great outdoor activities and events throughout the year

"Students and staff have been very welcoming, friendly and helpful throughout my exchange, especially with adjusting to a three-week structure and small class sizes.

I have been able to immerse myself into one subject at a time and truly get to know students and professors."

*Exchange student Liz,
University of Adelaide,
Australia*
