Come and try Iris, the AI Science Assistant

Finding it hard to discover the right scientific papers for your thesis project? Challenged by the overwhelming volume of published research?

January 31st at 12.00 noon - 4.00 pm, Aalto University Learning Centre

Come and try Iris, the AI Science Assistant at Aalto University in January 31st at Aalto University Learning Centre. Iris.ai maps the research landscape around your research problem and helps you compile a precise reading list covering the papers that you should actually spend time on reading.

Who is it for?

The Iris.ai staff will be at the Learning Centre for Aalto students, researchers and staff members. We’ll show you how to set up our Iris.ai Premium account and get started with your research discovery work. This is also a great opportunity to ask questions and receive invaluable support from Iris.ai team!
