Address sisu.aalto.fi introduced to student information system Sisu

An address sisu.aalto.fi has been introduced at Aalto. The address redirects to the login page.

The previous address sis-aalto.funidata.fi functions also.

*Sisu - never heard of it!

The new student information system (SIS), named Sisu, is a system that will be introduced at Aalto University in stages in the years to come. Sisu will replace Weboodi. In spring 2019 the students can create their personal study plans (PSP) in the system. Please check the Learning Services staff of your degree programme whether Sisu-PSP is in use.
