As part of the degree, students are required to study one semester abroad. The Bachelor's Program in International Business has about 50 partner universities in many regions of the world. Every year also 60-80 international exchange students visit the Aalto University School of Business, Mikkeli Campus.

Because English is the language of instruction, it is essential that all participants be prepared to understand rapid, idiomatic English as spoken in lectures and group discussions. Students also are expected to be able to read English with ease and to express their thoughts clearly in spoken and written English.
