### Title

- Accounting
- Advanced Energy Solutions
- Advanced Materials for Innovation and Sustainability (EIT Raw Materials)
- Animation
- Architecture
- Automation and Electrical Engineering
- Building Technology
- Chemical, Biochemical and Materials Engineering
- Cold Climate Engineering
- Collaborative and Industrial Design
- Computer, Communication and Information Sciences
- Contemporary Design
- Corporate Communication
- Creative Sustainability
- Design for Theatre, Film and Television
- Economics
- Electronics and Nanotechnology
- Energy Technology
- Engineering Physics
- Entrepreneurship and Innovation Management
- Environmental Engineering
- Environomical Pathways for Sustainable Energy Systems (SELECT)
- European Mining, Minerals and Environmental Programme (EMMEP)
- Fashion, Clothing and Textile Design
- Film and Television
- Finance
- Geoengineering
- Geoinformatics
- Global Management / CEMS
- ICT Innovation - EIT Digital Master School
- Industrial Engineering and Management
- Information and Service Management
- Information Networks
- Innovative and Sustainable Energy Engineering
- Interior Architecture
- International Design Business Management
- Life Science Technologies
- Management and International Business
- Maritime Engineering
- Marketing
- Mathematics and Operations Research
- Mechanical Engineering
- New Media
- Nordic Visual Studies and Art Education
- Photography
- Polymer Technology
- Product and Spatial Design
- Real Estate Economics
- Security and Cloud Computing (SECCLO)
- Space Science and Technology
- Spatial Planning and Transportation Engineering
- Strategy
- Urban Studies and Planning
- Visual Communication Design

### Language

- English

### Level

- Master
