

Address sisu.aalto.fi introduced to student information system Sisu

An address sisu.aalto.fi has been introduced at Aalto. The address redirects to the login page.

The previous address sis-aalto.funidata.fi functions also.

Sisu - never heard of it!

The new student information system (SIS), named Sisu, is a system that will be introduced at Aalto University in stages in the years to come. Sisu will replace [Weboodi](#). In spring 2019 the students can create their personal study plans (PSP) in the system. Please check the [Learning Services staff of your degree programme](#) whether Sisu-PSP is in use.
