

Elective studies 2019-2020

The student chooses max. 30 credits of elective studies. As elective studies, the student takes individual courses from other programmes, other Aalto schools, from other Finnish universities or from universities abroad as exchange studies. Practical training belongs also under elective studies. Elective studies are included in the studies in accordance with the Personal Study Plan and Degree Regulations. Normally any university-level course may be chosen as free elective, also Bachelor level courses.
