

# The Loop Q PRIZE, university competition accelerating fields of AI, Cognitive Computing and Machine Learning

The Loop Q PRIZE, an annual university competition dedicated to accelerating the fields of AI, Cognitive Computing and Machine Learning, was created to encourage and inspire students to accelerate the adoption of Intelligent Automation and AI for good. The second, year 2021 edition, is open to European university students.

Visit [www.loopqprize.ai](http://www.loopqprize.ai) and join the contest. The free registration closes on **Sunday 25 April 2021**.
