Help develop more accessible international opportunities at Aalto!

Would you like to help make international studies more accessible to students? Fill in this quick survey on Unite! courses.

Aalto University is a part of the Unite! alliance through which Aalto students can take courses from other European universities, such as KTH, TU Darmstadt and Universidade de Lisboa. We would like to develop the course catalogue to reflect the students' needs more, and would like you to tell us what kind of courses are missing from Aalto course catalogue at the moment.

Fill in the survey here!
