Writing Clinic

Why?

Academic writing is demanding for everyone. Writing your abstract thesis, the thesis or dissertation itself, or journal article in English adds an extra challenge for non-native writers. We want to facilitate your writing process and help you improve as a writer.

What?

Individual writing tutoring to help you learn how to plan, organise, write and revise academic papers whether short or long; consultations are generally 60 minutes long and arranged in Otaniemi at Otakaari 1 (Undergraduate Centre), or upon direct request to the consultant via Skype Business or Zoom/Skype.

Clients can use the service for a total of eight hours per academic year. Most Aalto degree students, and some schools’ faculty may use our service. See Who? below for more details.

We also provide help with simple and brief questions about writing via our mailbox or Facebook.

Please note that the Writing Clinic is not an editing or proof-reading service. Our mission is to help you identify your own strengths and weaknesses as a writer and come alongside you to help develop your own writing skills and proficiency. Inquiries for proof-reading services for a separate charge can be made via this page which lists our current teachers available for this.

Booking occurs via our MyCourses site.
